

**Security & Risk
Consultancy Services**

Introducing our Comprehensive Solutions

Hawk Risk Solutions provides specialized Security & Risk Consultancy Services designed to protect organisations, personnel, infrastructure, operational assets, and business continuity through proactive risk management, compliance auditing, operational assessments, and strategic security oversight.

Our consultancy division focuses on delivering professional monthly risk audit assessments, operational compliance monitoring, Occupational Health & Safety compliance evaluations, and proactive personnel integrity verification to ensure that all security operations remain aligned to contractual obligations, legal requirements, and industry best practices.

With extensive operational experience in corporate, industrial, transport, logistics, commercial, and high-risk operational environments, Hawk Risk Solutions provides tailored solutions that assist clients in reducing operational vulnerabilities, minimizing financial loss, preventing criminal infiltration, and improving overall security performance.

1 Monthly Security & Risk Audit Assessments

Hawk Risk Solutions conducts comprehensive monthly Security & Risk Audit Assessments to ensure that all appointed security service providers remain fully compliant with:

- ✓ Mutually signed Service Level Agreements (SLA's)
- ✓ Standard Operating Procedures (SOP's)
- ✓ Site-specific operational requirements
- ✓ Client compliance standards
- ✓ Occupational Health & Safety requirements
- ✓ Industry regulations and internal governance frameworks

Our monthly audit assessments are designed to identify operational deficiencies, compliance gaps, security vulnerabilities, negligence, procedural failures, and potential risks before they escalate into incidents, losses, or legal liabilities.

- ✓ Physical security evaluations
- ✓ Guarding performance assessments
- ✓ Patrol monitoring assessments
- ✓ Asset protection assessments
- ✓ Emergency response readiness
- ✓ Site risk analysis
- ✓ Operational reporting and corrective action planning

Detailed monthly audit reports are submitted to management with findings, risk ratings, recommendations, corrective actions, and implementation strategies.

- ✓ Operational performance audits
- ✓ Access control verification
- ✓ Incident reporting evaluations
- ✓ Surveillance and monitoring assessments
- ✓ Personnel compliance verification
- ✓ Health & Safety compliance inspections

SLA & SOP Compliance Management

Hawk Risk Solutions ensures that all contracted security providers fully comply with agreed operational standards and contractual obligations. Our consultancy services include the monitoring and assessment of:

- ✓ SLA compliance adherence
- ✓ SOP implementation effectiveness
- ✓ Security officer deployment standards
- ✓ Operational discipline
- ✓ Incident escalation procedures
- ✓ Reporting structures
- ✓ Communication protocols
- ✓ Emergency preparedness
- ✓ Site-specific operational instructions
- ✓ Client service delivery standards

Where operational gaps are identified, Hawk Risk Solutions provides corrective implementation strategies and compliance improvement plans.

ISO 45001:2018

Occupational Health & Safety Assessments

As part of our integrated consultancy solution, Hawk Risk Solutions conducts Occupational Health & Safety assessments aligned to ISO 45001:2018 standards and South African OHS legislation. Our OHSE assessments include:

- ✓ Workplace hazard identification
- ✓ Risk assessments
- ✓ Incident & accident investigations
- ✓ Safety file compliance
- ✓ PPE compliance monitoring
- ✓ Legal appointment verification
- ✓ Emergency preparedness assessments
- ✓ Safe work procedures
- ✓ Toolbox talk implementation
- ✓ Incident reporting procedures
- ✓ Health & Safety documentation audits
- ✓ Site inspections and compliance reviews

Our objective is to ensure that clients remain legally compliant while proactively reducing workplace incidents, operational disruptions, legal exposure, and reputational risk.

4 Pre-employment Vetting & Personnel Integrity Management

Hawk Risk Solutions places strong emphasis on personnel integrity and proactive risk prevention. Our consultancy and vetting services include:

- ✓ Criminal fingerprint verification checks
- ✓ Voice Stress Analysis (VSA) assessments
- ✓ Integrity and deception analysis
- ✓ Background screening
- ✓ Reference verification
- ✓ Personnel risk profiling
- ✓ Operational suitability assessments

These proactive measures assist organisations in identifying potential criminal intent, insider threats, operational risks, and integrity concerns before personnel are deployed into sensitive operational environments.

The implementation of proactive vetting significantly assists in reducing:

- Asset theft
- Fuel theft
- Fraud
- Internal collusion
- Property damage
- Operational sabotage
- Workplace violence
- External criminal infiltration

5 Corrective Administration & Operational Implementation

Hawk Risk Solutions provides professional corrective administrative support to ensure operational structure, accountability, and compliance. Our consultancy services include the drafting, implementation, and monthly review of:

- ✓ Job Descriptions
- ✓ Standard Operating Procedures (SOP's)
- ✓ Site Instructions
- ✓ Emergency Procedures
- ✓ Incident Reporting Procedures
- ✓ Risk Assessment Documentation
- ✓ Health & Safety Files
- ✓ Compliance Registers
- ✓ Training Registers
- ✓ KPI Measurement Systems
- ✓ Operational Checklists
- ✓ Guarding Procedures
- ✓ Patrol Procedures
- ✓ Investigation Protocols
- ✓ Operational Reporting Structures

All documentation is developed according to operational requirements, legal compliance obligations, and client-specific risk environments.

Asset Monitoring & Technology Integration

Hawk Risk Solutions further enhances risk mitigation through advanced technology-driven solutions, including:

- ✓ Live vehicle tracking
- ✓ Real-time asset monitoring
- ✓ Live video surveillance systems
- ✓ Fuel management systems
- ✓ Driver behaviour monitoring
- ✓ GPS tracking systems
- ✓ Remote operational monitoring
- ✓ Electronic guard management systems
- ✓ Incident reporting platforms
- ✓ Patrol monitoring technologies

These systems provide clients with enhanced operational visibility, real-time intelligence, proactive incident detection, and improved asset protection capabilities.

Investigations & Cyber Security Support

Hawk Risk Solutions also offers integrated investigative and cyber security support services to strengthen organisational resilience against modern threats. Services include:

- ✓ Corporate investigations
- ✓ Theft investigations
- ✓ Incident investigations
- ✓ Fraud investigations
- ✓ Digital forensic support
- ✓ Cyber risk assessments
- ✓ Endpoint security solutions
- ✓ Threat detection
- ✓ Security awareness support
- ✓ Vulnerability assessments

Our investigation and cyber security services assist clients in identifying threats, securing operational data, and protecting critical infrastructure.

Why Hawk Risk

Hawk Risk Solutions is committed to delivering professional, proactive, and intelligence-driven security and risk consultancy services focused on:

- ☑ Operational excellence
- ☑ Risk reduction
- ☑ Compliance management
- ☑ Asset protection
- ☑ Personnel integrity
- ☑ Legal compliance
- ☑ Business continuity
- ☑ Client-focused solutions

Our integrated approach ensures that clients receive a complete risk management solution designed to proactively identify vulnerabilities, implement corrective action, and strengthen operational resilience.
